System Requirements and Pre-installation

1. System: ZW3D supports Windows 10/8.1/7 SP1.
2. Video: ZW3D recommends a resolution of 1280x1024 /1680x1050 /1920x1080 , with a minimum of 1024x768.This applies to the software as well as the installation.
3. Installing: You must be logged in as Administrator to install ZW3D correctly.
4. Licensing: An activation ID license is needed when using a Soft-key license.

Activating the License

1. Stand-Alone User

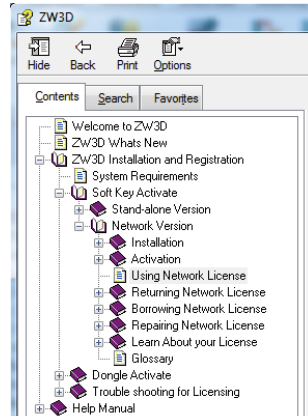

After installing ZW3D, activate the license through the “License Manager” from the Windows Start menu ‘Start <All Programs<ZWSOFT<ZW3D 2023 <License Manager’.

2. Network User

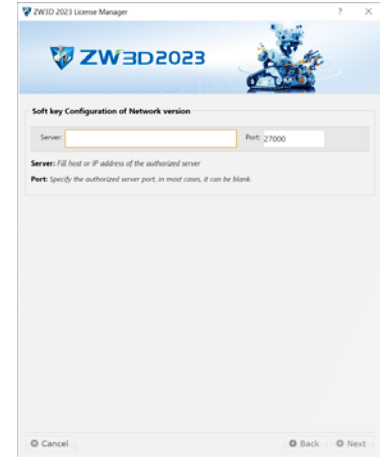

a) Server

- i. Activate the license in the server after installing “License Manager” on the server.
- ii. Configure the server with the step-by-step instruction from the built-in ZW3D Help file.

b) Workstation

- i. Run the “License Manager” from the Windows Start menu ‘Start<All Programs<ZWSOFT <ZW3D 2023<License Manager’.
- ii. Add the Soft-key license by inputting the IP address of the server which owns the ZW3D license.

Show-n-Tell™

Show-n-tell works as a convenient built-in 3D workbook for training, including Introduction, Assembling, Modeling, and Drafting. You can record and edit your own projects to use as training tutorials.

Trial Version

After the activation of ZW3D license, the title will show as ZW3D 2023. If you are using the ZW3D trial version, you could try all the CAD/CAM functions except for 4-5X milling. But after 30 days, the open, save, print, import, export and post-process functions will be disabled.

If you have any questions about installing ZW3D, please feel free to contact us at zw3d@zsoft.com.
