4. Extra efficiency with micro innovations
5. Non-expiring perpetual license with latest version upgrade

What's New in ZWCAD 2018

NEW

Brand new dark theme UI

The lower brightness and higher contrast of such design can greatly reduce the visual fatigue from long time drafting. And now is compatible with high-resolution 4K displays.
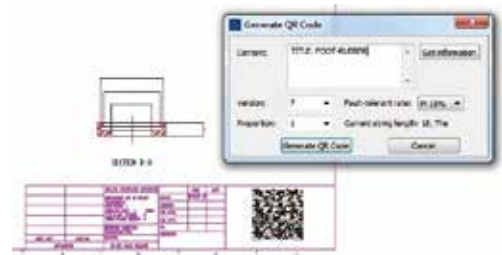

What's New in ZWCAD 2018

NEW ### Rich customization for interface

ZWCAD supports to customize classic menus, toolbars, keyboard shortcuts and right-click menus, and loading Partial CUI menu is available as well.

**NEW** ### QR-Code/Barcode Generator for text contents

Generate QR-Code or Barcode for text message and place in the drawing. Especially used for title bar content.

NEW ### Flip the arrow of the dimension

The expected command AIDIMFLIPARROW is now supported in ZWCAD 2018. Click a dimension node to flip the arrowheads in or out.

NEW ### Solprof- Convert 3D solid to 2D drawing

Project 3D solids onto a 2D plane parallel, create 2D profile images.
